Character Turnarounds	Background & Location Art	Blender 3D Animation & Rigging	Team Collaboration

SOFTWARE

Moho Pro — Strong / Advanced: 2D character rigging, bone systems, Smart Bones, character setup and animation.

Toon Boom Harmony — Intermediate: 2D character animation and production workflows.

Blender — Intermediate: 3D animation, character rigging and 3D production workflows.

PROFESSIONAL EXPERIENCE

Freelance Animator | Lusaka, Zambia

- Create and animate 2D characters using Moho Pro, with emphasis on character rigging and efficient animation workflows.
- Build bone-based rigs, Smart Bone controls and character setups for cut-out animation.
- Apply animation principles and visual storytelling to create engaging character performances.
- Collaborate with clients and creative teams to meet project requirements and creative direction.
- Support animation production through character setup, rigging, animation and visual development.

Production Director — 4Pencils Animation Studio | Projects: *Jelita & Mulenga*

- Contributed to the planning, coordination and creative direction of animation production.
- Worked with artists and production teams to maintain consistency and quality throughout projects.
- Contributed to character animation, visual storytelling and production problem-solving.
- Helped translate creative ideas into animated content while supporting production workflows.

ANIMATION EXPERTISE

- More than 5 years of practical experience with Moho Pro.
- Strong specialization in 2D character rigging and animation.
- Experience with bone-based character systems, Smart Bones, character controls and layer organization.
- Experience developing character turnarounds and cut-out animation workflows.
- Intermediate Toon Boom Harmony skills and intermediate Blender skills for 3D animation and rigging.

EDUCATION & TRAINING

Self-directed animation training through extensive practical study, online courses and continuous project-based learning. Training resources include Skillshare, Bloop Animation, YouTube tutorials and other professional animation resources, supplemented by independent practice, research and consultation with other creative professionals. Continued hands-on development has resulted in more than 5 years of practical Moho Pro experience.
